

**We have received the following communication from the Sandspit Yacht Club, Centreboard Division (based here in Algies Bay). They have issued the following invitation to any interested residents.**

*Hi all.*

*Many (adult) SYC members have over recent months, expressed an interest in sailing in their own centreboard boats at Algies.*

*As you may know, SYC Junior coaching/sailing takes place each Sunday 9am-12noon. At least for the next 5 weeks, up until Easter.*

*Traditionally, the keener kids stay on for racing afterwards with a 12.30pm briefing and 1pm on-the-water start.*

*But sadly, our numbers for afternoon racing has dwindled, and we'd dearly love to revitalise this.*

*We invite those SYC members (and non-members too) with Optis, Lasers, Sunbursts, P-Class, Frostbites, Starlings etc (and even Moths), to join us for fun sailing/racing on Sunday afternoons. If our Greenfleet sailors can see adults sailing around it will surely encourage them to stay on after their coaching, and join in.*

*As I said, it's a 12.30 briefing with 1pm start on the water.*

*Interest has been expressed by several individuals and there's a few locals from around the Algies Bay area too who may join in.*

*It's sure to be a mish-mash of boats, but if you all came together, we should be able to work out a plan, lay a course and get some racing in?*

*This Sunday, 25 Feb should be light breezes - ideal for "getting back into it". High Tide 3.15pm.*

*Give it some thought ladies and gentlemen, and let's bring centreboard sailing for adults at Algies Bay, back to life!*

*Kind regards*

*Glenys Milne*
